

EXTENSION OF DEADLINE TO SUBMIT DECLARATION OF INCOME, ASSETS AND LIABILITIES TO THE IGG

With reference to Article 230(2) of the Constitution of the Republic of Uganda, which gives the Inspector General of Government powers to make such orders and give such directions as are necessary and appropriate in the circumstances during the course of his or her duties, The IGG has **extended the declaration period for 2017 from 31st March 2017 to 21st April 2017, to ensure that all leaders submit their declarations as required by law.**

The IG will **not** revert to the use of the manual declaration system.

Leaders are reminded that failure to declare their income, Assets and Liabilities is a breach of the Leadership Code Act, 2002 which attracts dismissal or vacation from their leadership positions.

To ensure that the process goes on smoothly below are the guidelines to the leaders during this extended period.

- 1) Leaders who already have received the **“invitation to declare to the IGG”** link but have not submitted should do so by **5:00pm on 7th April 2017.**
- 2) Leaders who have not received the **“invitation to declare to the IGG”** link should provide the following particulars;
 - a) Full names of the Leader.
 - b) Name of Employer
 - c) Reliable mobile phone contact
 - d) Reliable email address.

by sending an email to one of the following emails:
bnamuhoma@igg.go.ug; abaguma@igg.go.ug; vacidri@igg.go.ug;
or declarations@igg.go.ug.

All this information should be sent by 5pm on Tuesday 4th April 2017.

- 3) Leaders who provide the above information will receive an **“invitation to declare to the IGG”** link to their email addresses. Once the leader receives the invitation to declare, the declaration **should be submitted by 21st April 2017.**

Note that there will be no further extension of the declaration period beyond 21st April 2017 because the system will not be accessible after mid-night.

WE strongly maintain that the system is safe and secure as it was subjected to several tests with the support of the National Information Technology Authority (NITA-U) and Ministry of Information Communications Technology.

All specified leaders should comply and submit their declarations of Income, Assets and Liabilities by the deadline of 21st April 2017.

Irene Mulyagonja Kakooza
INSPECTOR GENERAL OF GOVERNMENT
